A seasoned private equity professional with a decade of principal investment experience, Cameron Reilly joins Corridor Capital to expand our efforts to acquire new specialty manufacturing and business services platform companies and support our portfolio. Cameron joins the Corridor team as a Principal.

Prior to joining Corridor, Cameron was as a Principal with Black Canyon Capital, a Los Angeles based private investment firm with over \$1 billion under management, where he was responsible for the sourcing, execution and portfolio management of control equity and structured debt investments in middle-market niche manufacturing, business services, health care, and consumer/retail companies. ### **About Corridor Capital**

Corridor Capital, a dedicated fund focused on lower middle market control investments, provides far more than capital to US-based small companies—to our knowledge, we are the most actively engaged private equity partner across strategy, operations and finance. Corridor is able to provide an exceptional level of support because our seasoned investors have operational experience managing businesses. We are not a conventional private equity firm.

Through our collaborative, highly active approach, we work alongside management to build the institutions and efficiencies necessary for sustainable scalable growth. Corridor's portfolio companies benefit from value-added activities such as: worldwide business development, financial controls design, customer profitability analysis, operations restructuring, systems implementation and key management team recruitment. Our broad investor base includes top executives across a vast array of industries and disciplines, a unique resource we bring to benefit our portfolio companies and their teams.

We make control investments in specialty manufacturing, business services and environmental services companies. Corridor focuses on complex situations, particularly those requiring growth support or operational or financial engagement. We prefer to work with entrepreneurs and family-owned businesses that have not yet realized the benefits of hands-on, institutional ownership. We are honored that sellers often rollover a meaningful portion of their equity in an effort to benefit from the Corridor approach, giving owners access to a subsequent liquidity event against significant value created together.
